Staffing Pool Block Schedule Proposal Vote

The company has come to us for suggestions on how to improve quality of life on board with the intent of addressing engineering staffing shortages and retention. We would like to provide more stability to staffing pool employees and have included a proposal to have staffing pool employees be put on a 12:6 block rotation.

The vote is for a six (6) month trial for the block rotation for staffing pool engineering employees. It requires a 2/3 majority from all staffing pool engineering employees.

All staffing pool engineers are eligible to vote. Voting will be conducted via Simply Voting starting today, Wednesday, March 6, 2024 and close Wednesday, March 20, 2024 at 1300 hours.

Any questions or concerns on the proposal, please reach out to Local 12 President Deanna Knezevich local12@bcfmwu.com or Chris Lawson local.12.1st.vice@gmail.com.

If you do not have an email address with the Union and are eligible to vote, please contact the office at nominations@bcfmwu.com or 250.716.3454 to request online access.
