## **NORTHERN SEAWOLF RESPONDS TO PLANE CRASH ON ADDENBROKE ISLAND**

Brothers, Sisters, Friends;

BCFMWU members on the Northern Seawolf and Coast Guard are responding to a plane crash on Addenbroke Island. The plane involved is a (small) Cessna Caravan. Initial reports from the scene indicate multiple fatalities and critical injuries of passengers from that flight; there are no reports of any physical injuries to BC Ferries passengers or crew.

I would like to thank the crew on board the Northern Seawolf for their tremendous and ongoing efforts in the face of this traumatic and tragic incident.

For those wishing to reach out to crew involved, please be mindful of the difficult circumstances that some of these members may have faced.

Should you need assistance from the Union in this matter, please contact LRO Anthony Jones [anthonyjones@bcfmwu.com](mailto:anthonyjones@bcfmwu.com) or Local 10 President Anthony Goes [local10@bcfmwu.com](mailto:local10@bcfmwu.com).

Please be aware that EAP is available to you: 1.888.307.0590.

In Solidarity,  
Graeme Johnston  
Provincial President
