COVID-19 UPDATE SPECIAL BULLETIN #6

WORK ASSIGNMENTS DURING THE COVID-19 PUBLIC HEALTH EMERGENCY

During this unprecedented time, some of our members may be asked to take on duties that are not normally assigned to them. Under normal circumstances we strongly advocate for our members to stay true to their jobs and job descriptions; however, given the current situation, we must also be practical and reasonable. As such, if there is a reasonable request for you to work outside of what you normally do within your department, provided you are trained and qualified with no loss of pay, you are encouraged to give your assistance e.g. On board cooking has been suspended due to COVID-19 and a cook is assigned to cleaning duties on the floor.

In the event you believe an unreasonable request is made of you, it is important to update your local Union Representative who may follow up with the Company, as required.
