|  | Barge Engineer |
|---|-----------------------|

Stena Drilling is delighted to be commencing operations offshore Newfoundland and Labrador, Canada for an anticipated six (6) month drilling campaign onboard the Stena DrillMAX Drillship.

There are currently temporary opportunities for 2 Barge Engineers, working on a 28/28 on/off rotation.

Business Address: 701-10 Fort William Place, St. John's, NL, A1C 1K4

Work Location: Onboard the Stena DrillMAX Drillship, offshore NL. *Please note there is a possibility that successful candidates will be required to join the drillship overseas at an international location prior to mobilizing to NL.*

Wage: \$88.66 CAD per hour

Benefits: Dental, Life, Medical, Vision, and where applicable, Offshore Allowance.

Job Duties:

- Manage the safe efficient running of the Marine Department as directed by Barge Master.
- Deputises for Barge Master in the event that the Barge Master becomes incapacitated.
- Bosun, Crane Operator, Control Room Operator, Radio Operator, (and DP) report to Barge Engineer during shift.
- On Scene Commander during an emergency.
- Ensure that Daily Heli-Fuel checks are carried out by the HLO or designate.
- Monitor weather conditions, vessel position and mooring tensions (where applicable).
- Supervise stability, stability calculations and ballast operations, and maintain the watertight integrity.
- Ensure lifting equipment is maintained and inspected to LOLER and local standards. Ensure all lifting equipment is safe for use and colour coded. To maintain an up to date register of equipment and follow quarantine procedures.
- Ensure that lifting & rigging operations, supply boat and deck lifts are controlled and carried out safely. Lift Plans, Risk Assessments and Procedures are strictly followed, complying with LOLER. Crane Operations are carried out within the Operational parameters.
- Ensure loading and transfer of Fuel Oil, Base Oil, OBM, SBM, Brines and bulk material follow procedures and within the operational limitations.
- To maintain the bulk system ready for use.
- Ensure a supply of cement to the cement unit surge tank during cementing operations, whilst on duty.
- Maintain marine planned maintenance including all marine, firefighting, and lifesaving equipment.
- Any other duties as required by Master/OIM and/or Barge Master.
- Allocate tasks to Senior D.P.O. (DP Vessels), Control Room Operator (Semi-Submersibles) and provide adequate supervision in order to ensure that all such tasks are carried out in a safe and efficient manner.
- Responsible and accountable for the safety of the personnel working under their direction and shall be expected to conduct operations at all times in full compliance with company procedures (SMS)
- Identify and address any violations of procedures concerning personnel under their direction.
- Continuous or repeated violations of policies or procedures should be highlighted and brought to the attention of the HoD/Master-OIM.
- Comply with the Management of Change Principle.
- Actively participate in accident/incident investigations when required.

How to Apply

Your resume, relevant certifications, and a copy of your passport or permanent residency card should be sent to canadacareers@stena.com with your name and the position you are applying for in the subject line.

Please note that only Canadian citizens or Canadian Permanent Residents will be considered, no exceptions.

Resumes must contain the following information:

1. **Personal Information** – Name, Nationality, Province/Territory of Residence, Phone Number(s) with area code(s), and Email address
2. **Education/Training** - Name and location of training institution, dates attended, name of completed program.
3. **Experience** - Name and location of company worked for, units worked on (type and name), dates of employment, job title(s), and brief descriptions of your main duties/responsibilities while in each position.
4. **Offshore certificates** – Attach all certificates you currently hold (that are valid) as per the “Skills, Education, and Experience” section above.

Please be advised that successful applicants will be required to complete mandatory training ahead of joining the drill ship.

Thank you for your interest in Stena Drilling. Your application will be reviewed, and we shall revert accordingly should you be shortlisted.
