

	<b>Driller</b>
---	----------------

Stena Drilling is delighted to be commencing operations offshore Newfoundland and Labrador, Canada for an anticipated six (6) month drilling campaign onboard the Stena DrillMAX Drillship.

There are currently temporary opportunities for 4 Drillers, working on a 28/28 on/off rotation.

Business Address: 701-10 Fort William Place, St. John's, NL, A1C 1K4

Work Location: Onboard the Stena DrillMAX Drillship, offshore NL. *Please note there is a possibility that successful candidates will be required to join the drillship overseas at an international location prior to mobilizing to NL.*

Wage: \$94.43 CAD per hour

Benefits: Dental, Life, Medical, Vision, and where applicable, Offshore Allowance.

**Job Duties:**

- Control all Drilling Operations performed during their shift in a safe and efficient manner.
- Ensure the drilling operation is carried out as defined in the approved Operator's Instructions and Drilling Programme, and the operation is executed in accordance with Stena's Drilling Operation Manual and RSWMs.
- Seek continuous KPI improvements as per the KPI efficiency programme where applicable.
- Report directly to the Toolpusher any deviations from approved Operator's Instructions or Drilling Programme.
- Responsible for ensuring the Drilling Crew perform Planned Maintenance on drilling equipment thoroughly and that it is recorded on the PM sheets.
- Responsible for all lifting activities on their assigned well center or area.
- Never leaves their post without the authority of the Toolpusher. Must regularly liaise with the Bridge regarding the station keeping capabilities of the rig where applicable.
- Ensuring that all maintenance carried out on drilling equipment has been entered into the TAG system.
- Ensure that the daily checks are carried out on drilling equipment.
- Delegates the drilling crew to carry out derrick inspections and Dropped Object Checks thoroughly and timely, the results documented, and anomalies reported and rectified
- Responsible for ensuring good housekeeping on the drill floor at all times.
- Complete Daily Drilling Reports.
- Check the accuracy of drilling line ton mile record, where applicable.
- Check instructions, programmes and calculations supplied by Operator.
- Maintain an accurate pipe tally.
- Maintain an accurate and complete record of all equipment which enters the well.
- Acts as co-ordinator during well test operations and maintains a valve status board.
- Monitor the well at all times and record volumes when tripping.
- Must be familiar with space-out, pipe-stretch and shut-in procedure.
- Solely responsible for shutting the well in when circumstances dictate.
- Maintain a current kick sheet and update Slow Circulating Rate (SCR) record at least each shift in line with Stena Drilling's Well Control Procedures.
- Ensure lifting equipment such as elevators and inserts are gauged and compatible with tubular(s) in use.
- Allocate tasks to Assistant Driller and Junior Driller where applicable and provide adequate supervision in order to ensure that all such tasks are carried out in a safe and efficient manner.
- Responsible and accountable for the safety of the personnel working under their direction and shall be expected to conduct operations at all times in full compliance with company procedures (SMS).
- Identify and address any violations of procedures concerning personnel under their direction.
- Continuous or repeated violations of policies or procedures should be highlighted and brought to the attention of the HoD/Master-OIM.
- Comply with the Management of Change Principle.
- Actively participate in accident/incident investigations when required.
- Any other duties as required by the Senior Toolpusher or Toolpusher.

**Skills, Education, and Experience:**

- Previous experience working on a dual operating ram rig
- 15 years relative experience
- Proven experience with a Schlumberger Deepwater MPD operation including its hardware and control system
- Good communication skills
- Competent in personnel management

### **How to Apply**

Your resume, relevant certifications, and a copy of your passport or permanent residency card should be sent to [canadacareers@stena.com](mailto:canadacareers@stena.com) with your name and the position you are applying for in the subject line.

*Please note that only Canadian citizens or Canadian Permanent Residents will be considered, no exceptions.*

Resumes must contain the following information:

1. **Personal Information** – Name, Nationality, Province/Territory of Residence, Phone Number(s) with area code(s), and Email address
2. **Education/Training** - Name and location of training institution, dates attended, name of completed program.
3. **Experience** - Name and location of company worked for, units worked on (type and name), dates of employment, job title(s), and brief descriptions of your main duties/responsibilities while in each position.
4. **Offshore certificates** – Attach all certificates you currently hold (that are valid) as per the “Skills, Education, and Experience” section above.

*Please be advised that successful applicants will be required to complete mandatory training ahead of joining the drill ship.*

Thank you for your interest in Stena Drilling. Your application will be reviewed, and we shall revert accordingly should you be shortlisted.
